INTERNATIONAL FILM FESTIVAL

Ahmedabad • 11th & 12th September 2025

## KVIFF Honours, Ahmedabad

**Dr. Kalam Innovative School**  
'Kirloskar Vasundhara Sanman 2025'

The Kalam Youth Centre (KYC) Start-up Studio, an initiative by Dr. Kalam Innovative School, Amreli, founded by Jay Kathrotiya, is transforming how students learn, innovate and contribute to society. With the vision of empowering financially disadvantaged students, the Start-up Studio equips them with technical, entrepreneurial and creative skills to help them earn while they learn. Students aged 13–16 are trained in digital fabrication, laser cutting, sublimation printing and product design. They create eco-friendly products such as millet-based items, engraved wooden crafts, reusable home décor and biodegradable merchandise. Each product proudly carries the label 'Made in Amreli, Made by Students'.

**Bhagirath Jadeja**  
'Kirloskar Vasundhara Mitra 2025'

He is a multipreneur and founder of Influx Media, where he established himself among the world's top 10 content post-production experts. With a deep passion for storytelling, he chose to use his creative skills for social good and founded 'Cleanup Junagadh'. What began as a local movement to organize weekly cleanup drives in Junagadh quickly grew into a nationwide initiative. Today, over 50–60 cities and villages across India are actively conducting cleanup drives, inspired by his mission. Through videos, community engagement, and awareness campaigns, he continues to guide citizens on how to start their own cleanup groups and join existing ones. His larger goal is to unite all environmental cleanup communities under one platform, enabling volunteers anywhere in India to connect, collaborate and strengthen the movement. By combining civic action with systemic pressure, he envisions a cleaner, more responsible India.

**Parevda Group**  
'Kirloskar Vasundhara Mitra 2025'

The Parevda Group organization is carrying out various service activities throughout the year mainly in 3 areas. 1. 'Save Birds Free Service' for the protection and service of wildlife 2. 'Sevani Sarvani' for public welfare works 3. 'Mission 1000 Trees' for various activities related to the preservation and enhancement of nature and environment. Initiation of organization. Along with the service and treatment of the disabled and various public welfare works, the Parevda Group was established in the eastern area of Ahmedabad city in the year 2009 for the purpose of preserving and enhancing nature. Distribution of nests and bird feeders to save the sparrow. Parevda Group is distributing sparrow nests from their main primary care center at Thakkar nagar for the entire year. So that the survival of sparrows can be maintained in the coming times as well. Tree planting and sapling distribution - To achieve this goal, Project Mission 1000 Trees was started by Parevda Group in the year 2014. Under which 1000 trees are planted and nurtured every year.
